A Brir best seller since 2015,
the **SEAWEED EARRING**
is handmade in Brazil
with mini beads from the
Czech Republic – the most
respected bead producer
in the world.

Handcrafted by our artisans,
who make only two pairs daily,
the earring's production was
the starting point for important
investments in the capacity
of this workforce.

It's the work we love:
to colour your everyday life
while helping families.

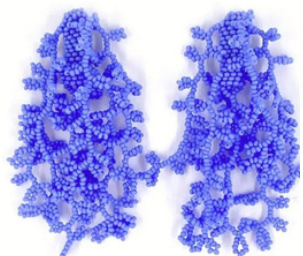

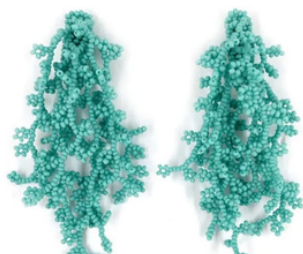

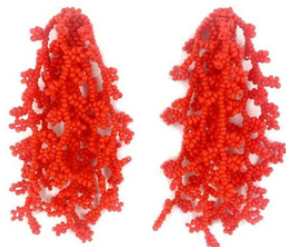

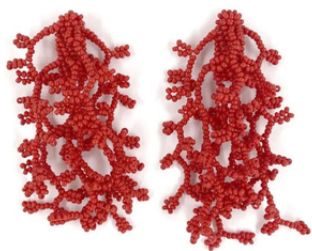

Made in Rio de Janeiro.
